

**The Pennsylvania Cyber Charter School
Tutoring Services**

**FIRST SET OF RESPONSES TO RFP QUESTIONS
July 30, 2018**

1. Writing Lab – for how many students are you looking to provide this service?

ANSWER: PA Cyber educates approximately 11,000 students. Not all students utilize this service (based on their grade level and schedule). PA Cyber would ideally license per submission.

2. SAT/PSAT Workshop – for how many students are you looking to provide this service? In which grade? Only 11th? Or 10th or 12th grade too?

ANSWER: PA Cyber is looking to provide this service to approximately 250 students. This service would be available to any student interested in taking the PSAT/SAT, which is typically students in grades 9-12.

3. Please clarify what is meant by “separate and distinct Proposals” (page 4 of the RFP). Does this mean they have to be binded separately as hard copies?

We are proposing on 2 of the services, do we have to submit 2 sets of everything (i.e., 2 sets of Signature Pages, Reference Forms, etc.).

ANSWER: Separate and distinct proposals means that a vendor must submit responses to each section/question for which they plan to submit a proposal. If a vendor plans to submit a proposal for more than one (1) service, the proposals/answers can be combined and bound together. If you are proposing on two (2) services, you do not need to submit two sets of each Schedule. One set is sufficient for all proposals from a single vendor.
